WAZE

Waze is an application for mobile devices, based on GPS navigation, which contains user information and route details, depending on the location of the portable device on the network. It was developed by Israeli start-up Waze Mobile, a company that was acquired by Google in 2013.

INSTAGRAM

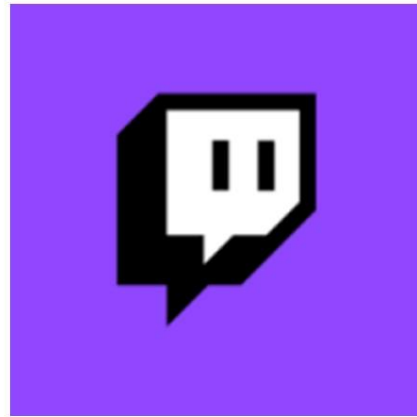

Instagram is an online social network for sharing photos and videos among its users, which allows you to apply digital filters and share them on a variety of social networking services

TWITCH

Twitch is a live video streaming service that focuses on video game live streaming, including broadcasts of esports competitions. In addition, it offers music streams, creative content and more recently, "real life" streams.

SNAPCHAT

Snapchat is a multimedia messaging application developed by Snap Inc., originally Snapchat Inc. One of Snapchat's main features is that images and messages are usually available for a short period of time before becoming inaccessible to their recipients.

TIKTOK

TikTok, também conhecido como Douyin e anteriormente Musical.ly na China, é um aplicativo de mídia para criar e compartilhar vídeos curtos.

FLASHSCORE

The live football page on Flashscore.pt offers live football scores from over 1,500 different leagues

DISCORD

Discord is a free and proprietary Voice over IP application initially designed for gaming communities.

SPOTIFY

Spotify is a music, podcast and video streaming service officially launched on October 7, 2008. It is the most popular and used music streaming service in the world.

NETFLIX

Netflix is an American subscription video-on-demand online streaming service launched in 2010, available in over 190 countries.

YOUTUBE

YouTube is a video sharing platform based in San Bruno, California.

WHATSAPP

WhatsApp is a cross platform instant messaging and voice calling application for smartphones. In addition to text messages, users can send images, videos and PDF documents, as well as make free calls via an internet connection.
